Creative Clash 🚩

Creative Clash 2025: The Triathon of Innovation, a dynamic and exhilarating event that celebrates the fusion of creativity and technology. A two-day competitive event designed to challenge and inspire first-year and second-year students. The event provides a platform for students to **showcase their creativity, technical skills, and problem-solving abilities** through **UI design, frontend development, and algorithm challenge**.

Creative Clash 2025 is more than just a competition—**it's an opportunity to learn, innovate, and grow.**

Event Highlights 🏳

Event 01: Design Symphony : UI Design Challenge

- In **"Creative Clash,"** UI designers will battle it out to create the most intuitive and visually appealing user interfaces. This challenge focuses on the art of crafting seamless user experiences where every pixel counts. It's a battle of creativity, where the best designs rise to the top.

Event Highlights 🚩

Event 02: Web Inferno : The Frontend Showdown

- Unleash your creativity in the **"Web Inferno"** challenge. Participants will craft visually stunning and responsive web interfaces, turning concepts into reality. This is your chance to shine as a web warrior, creating designs that are not only functional but also captivating.
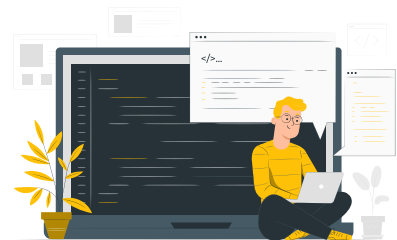

Event Highlights 🚩

Event 03: Code Clash : The Algorithm Battle

- The **"Code Clash"** challenge is all about efficiency and precision. In this algorithm showdown, participants will be tasked with solving complex problems using the most optimized and concise code possible. It's a test of your ability to deliver powerful solutions with minimal lines of code.
